

Sheet 3

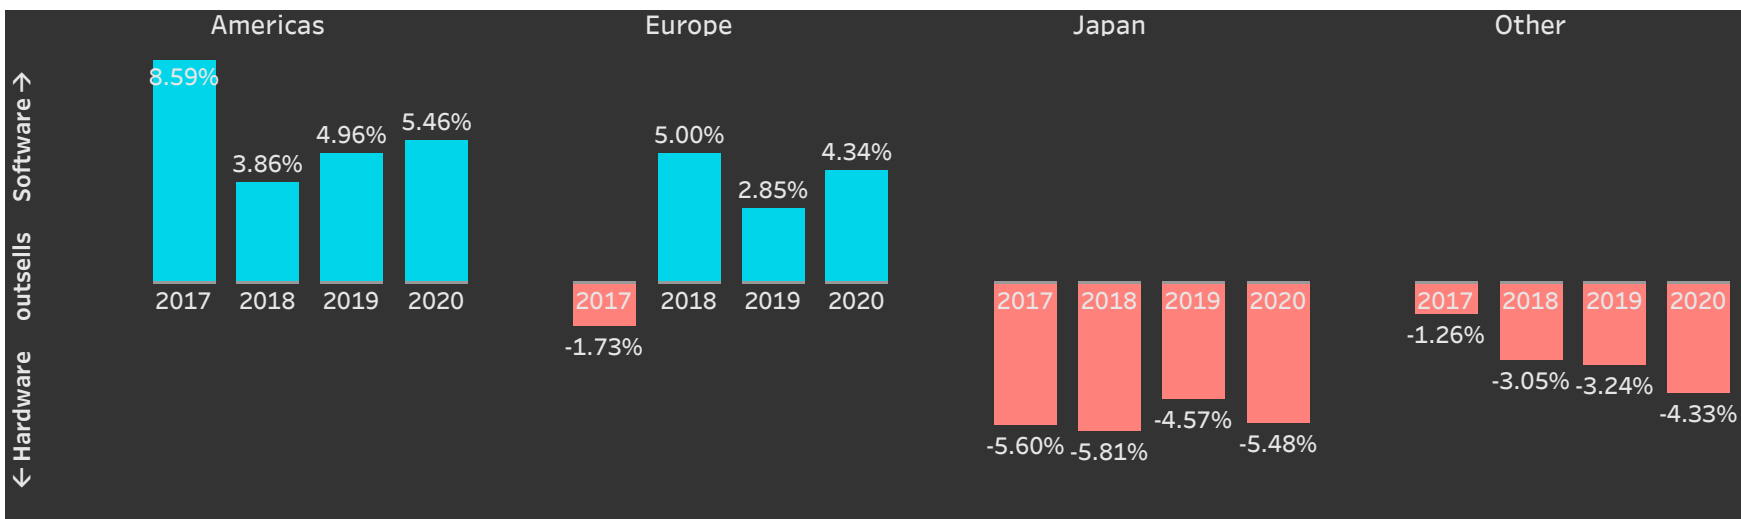

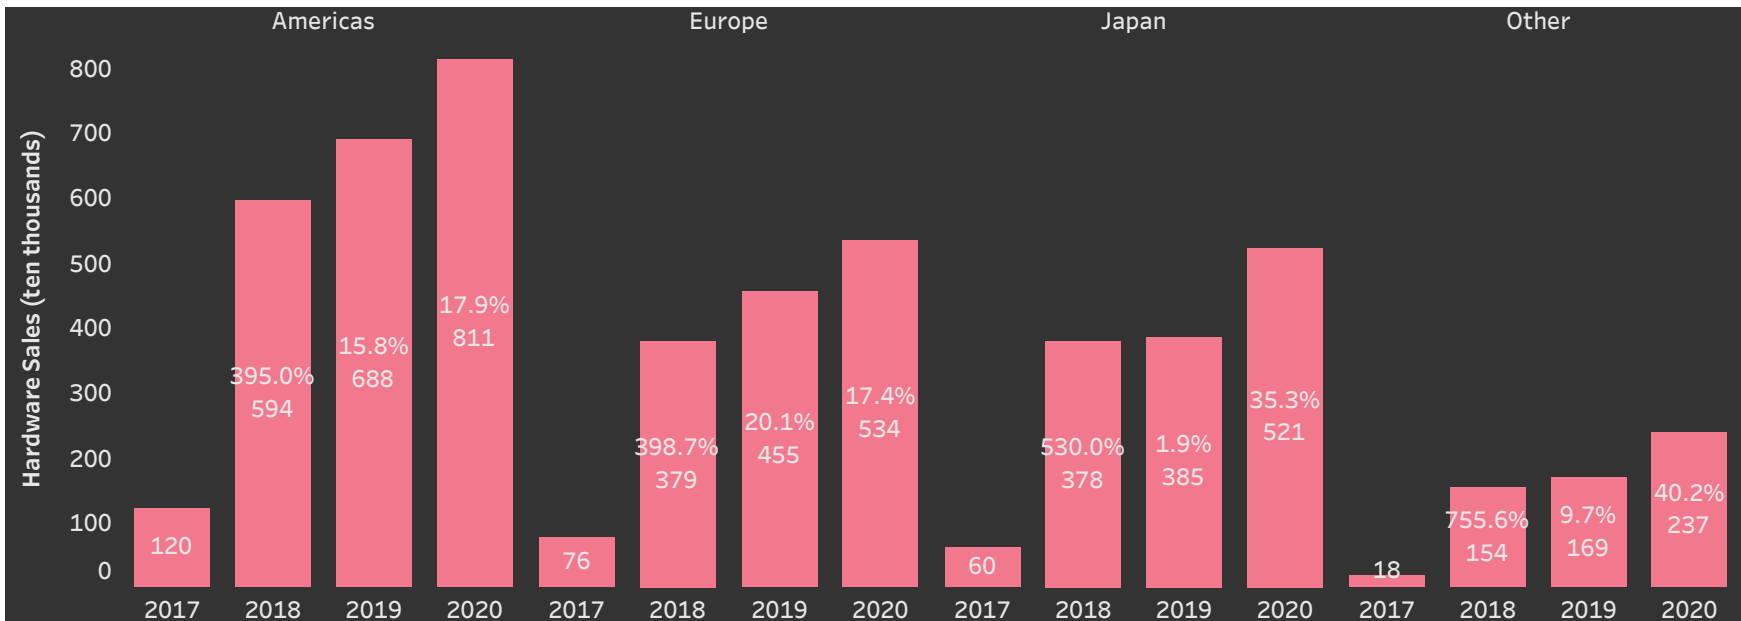

(SUM([Software]) / TOTAL(SUM([Software]))) - (SUM([Hardware]) / TOTAL(SUM([Hardware]))) for each Fiscal Year broken down by Country.

Nintendo Switch Sales

Hardware

There's a surge in sales in both software and hardware in 2018, compared to 2017. Though the sales increased from year to year, it is seen that software units were sold consistently high in America and Europe. Whereas, in Japan and other countries, more hardware units are sold!
